For horses racing at the meet, the racing secretary shall be in charge of compliance and shall verify and photocopy the ORIGINAL color owner NCR Coggins and record the data with InCompass when possible. Horses not racing but on the grounds will be required to produce the same documentation as horses racing at the meet. Added Purse Money

The OHBPA is adding over \$70,000 to purses this year for the summer race meets. This contribution will result in an average \$500 increase in all Thoroughbred races and mixed breed races with at least one thoroughbred starter.

OHBPA Sponsored Race

The OHBPA will continue our long history of sponsoring the OHBPA Purse race at each race meet with an added \$1,000. New this year will be the replacement of the blanket with an OHBPA halter and braided lead rope.

Trainer of the Day Program

The OHBPA is sponsoring for the second year the very popular Trainer of the Day program. Each day a Thoroughbred trainer will be randomly selected at the draw and receive \$100 from the OHBPA as our Trainer of the Day. A trainer may only win once during the summer. While it is not a large amount of money, it is a sincere gesture from the OHBPA Board showing our appreciation and a big **Thank You** for supporting racing at our summer fairs.

Dental and Vision Benefits

If owners and trainers start Thoroughbred horses at the summer fairs, those starts will count toward dental and vision benefits from the OHBPA. To qualify for benefits, you must have three starts in the year.

The Oregon Thoroughbred Owners and Breeders Association is happy to offer the following programs to promote the owning, racing, and breeding of Oregon-bred Thoroughbreds.
