Horses were designed to survive

But were slower than their main competitor

Horse "Designed" with more "fuel in the tank"

Parts developed to give horse a "Head Start"

Todas las piezas
desarrolladas por
la supervivencia

In the Wild

Cuando Corrían Libres en las Praderas

Herd animals
Mutual groomers
Depend on each other
Trust each other
Survived by running

"Two Questions"

1. Predator or Herdmate ?

"Second Question"

2. Which one of us is Herd Leader?

Deciding on who leader is “in the wild”

Which can move
the others

“I suggest”

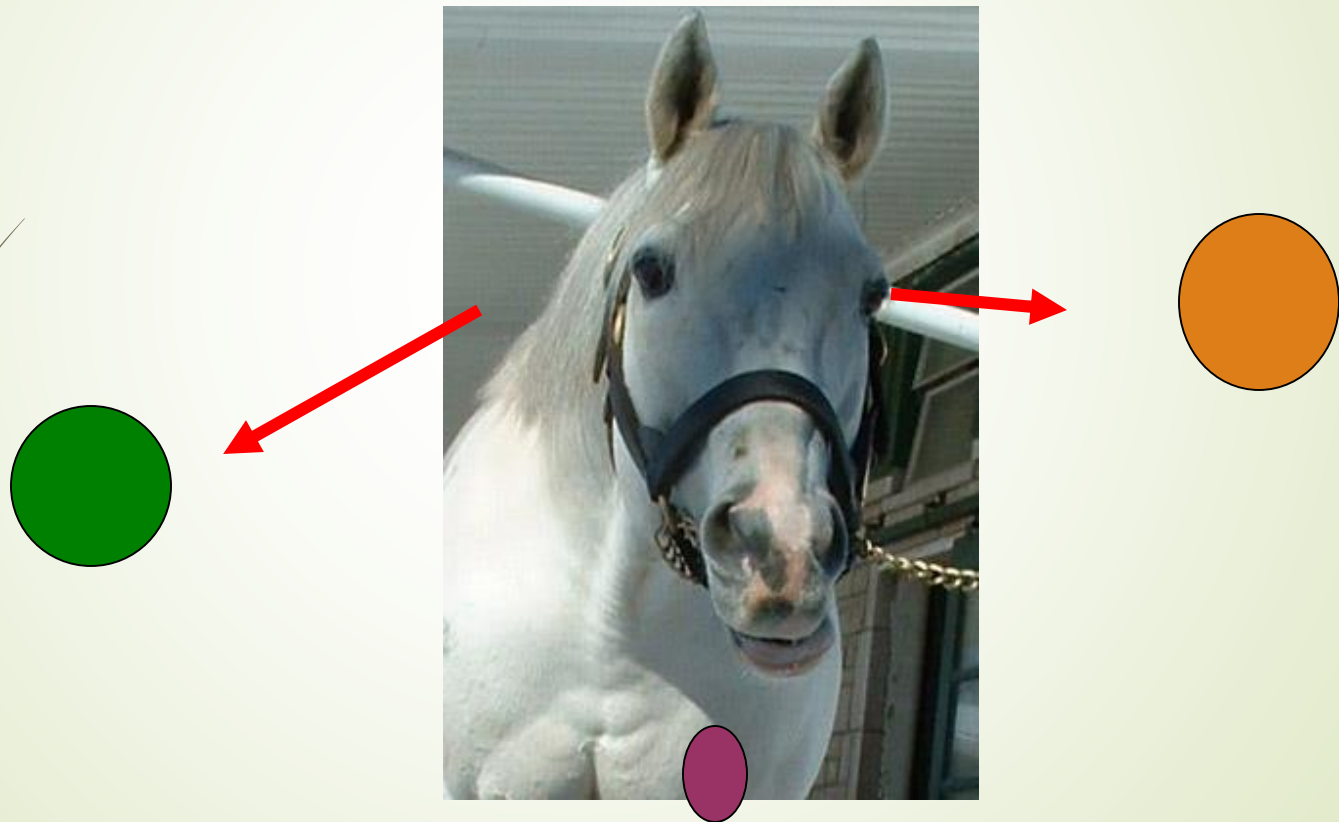

“I’m telling you”

“I TOLD YOU!!”
