Request for comment by HBPA members concerning the provisions of the proposed model rules by February, 2012:

- a. Program Trainer - Proposed Rule 001-019 – “Horse in care of another” - need more specificity.
- b. Condition of the horse – Proposed Rule 010-035 (11) – “Trainer of other person in contact with horse” too broad must be more limited.
- c. Lasix/Salix – issue for comment involves administration of medication and assessment of fees.
